Omaha Woman Has Gained Twelve Pounds

FORMER HOSPITAL NURSE TELLS OF HER RECOVERY THROUGH THE USE OF TANLAC.

"After finishing my fourth bottle of Tanlac I found I had actually gained twelve pounds," said Mrs. Arch Allen, of 3322 N. 65th street, Omaha, Neb. Mrs. Allen formerly lived in Evansville, Ind., and was at one time a nurse in a hospital near the city.

"I had suffered from stomach trouble," she continued, "till I was hardly more than a frame and hadn't the strength left to lift my little ten months old baby. My nerves were so unstrung that I couldn't raise a saucer from the table without my hand trembling like a leaf. My food would sour on my stomach, causing gas to form that affected my heart so that I could hardly breathe. I often had dizzy spells and violent headaches and was in so much misery at times I could hardly stand it. Sometimes I would be confined to my bed for as much as two weeks at a time, and although I had the best of treatment and took all kinds of medicines I kept getting worse instead of better."

"I was nursing at a hospital near Evansville, Ind., when I first heard of Tanlac, several of the nurses there had taken Tanlac so successfully for stomach trouble that I decided to try it, too. I felt greatly relieved while on my first bottle, soon the gas stopped forming and I could eat all I wanted without suffering afterwards. The headaches and dizzy spells gradually left me and I kept gaining in weight and strength right along. My nerves are in better shape now than they have ever been, I sleep like a baby and get up feeling thoroughly rested and refreshed. In fact, I feel well and strong all the time now and can do all my housework without the least trouble."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shane's Pharmacy, and in Homer by Wagner's Pharmacy.

Valuable Aid for Poultry Raisers
Early spring is nature's most favorable growing season, says "Hatch Early," United States Department of Agriculture poultry circular No. 28. In addition to a plea for early hatching, this little eight-page circular contains a hatching record which many poultry raisers have found of value. This circular may be obtained from the College of Agriculture, Lincoln. Other valuable circulars which the College has for free distribution are: "First Care of Baby Chicks," poultry circular No. 30; and "Incubation Pointers," poultry circular No. 3. The College also has a list of Department of Agriculture bulletins covering many phases of poultry raising. Those interested in poultry raising may obtain this list and select from it the bulletins which they wish the College to send them.
